### **An SEP if your income doesn't exceed 150% of the federal ...**

The prevalence of poverty in the United States is an important public health issue. In 2015, approximately 43 million Americans lived in poverty. 1 Although the U.S. Census Bureau uses “a set of dollar value thresholds that vary by family size and composition to determine who is in poverty,” 2 poverty may be defined in a number of different ways, particularly by socioeconomic status (SES ...

### **Poverty - Healthy People 2030 | health.gov**

Income is based on the Federal Poverty Level (FPL), which considers the number of persons in the household. To determine household size, a relative is considered in the same household as the beneficiary if the relative (by blood, marriage, or adoption) receives at least one-half support from the beneficiary or the living-with spouse.
