My 2008 c350 was having ESL/EIS issues. I took out my ignition switch with keyfob and ESL module and sent it to a service I purchased on EBay for \$400 USD. The service sent back to me my ignition switch, keyfob, and new emulator module coded to my keyfob and ignition switch. I reinstalled everything again myself and now the issue is fixed forever.

Hi, I just recently bought a 2008 C230. It has about 63,000 kilometers. Service A0 has come up on the dash board. I couldn't find what that is in the manual. I called the MB dealerships and one said it just needs to be brought in for service which includes oil change, visual on brakes, and fluid...

llbenz230 that is how it is supposed to work. and +1 for the owners manual I know it is in there. the only reason i use the setting is because it is not good for the hids to be turned on and off any time you drive in shade. and yes i am to lazy to turn the lights on manually at night or in the rain. i also don't think that it will wear out anything that much faster to make any difference to me.
