India's leading investment bank and project advisor engaged Wazir to conduct Techno Economic Viability (TEV) study. The company in question is a leading ...

Feasibility and TechnoEconomic Viability Study | Wazir

A feasibility study might uncover new ideas that could completely change a project's scope. It's best to make these determinations in advance, rather than to jump in and to learn that the project won't work. Conducting a feasibility study is always beneficial to the project as it gives you and other stakeholders a clear picture of the proposed project.

Feasibility Study: Types and Importance in Project Management

The off-grid solar photovoltaic (PV) system is a significant step towards electrification in the remote rural regions, and it is the most convenient and easy to install technology. However, the strategic problem is in identifying the potential of solar energy and the economic viability in particular regions. This study, therefore, addresses this problem by evaluating the solar energy potential ...
