"Tank" means a shell including its service and structural equipment. When used alone the term means tank-container, portable tank, demountable tank, fixed tank and tanks forming elements of a battery-vehicle or MEGC; "Transport equipment" includes vehicles, tanks, tank-containers, portable tanks.

ADR - Health and Safety Authority

ADR, formally the European Agreement of 30 September 1957 concerning the International Carriage of Dangerous Goods by Road, is a 1957 United Nations treaty that governs transnational transport of hazardous materials. "ADR" is derived from the French name for the treaty: Accord europe en relatif au transport international des marchandises Dangereuses par Route).
