Quilting is the term given to the process of joining a minimum of three layers of fabric together either through stitching manually using a needle and thread, or mechanically with a sewing machine or specialised longarm quilting system. An array of stitches is passed through all layers of the fabric to create a three dimensional padded surface. The three layers are typically referred to as the ...

Most patchwork quilters are used to
using a two- or three-millimeter stitch
length, but a stitch that short isn't
advised for minky fabric. Start with a
three- or three and a half-millimeter
stitch length, and you can always up it
to four millimeters if needed and
depending on how your machine is
handling the fabric.

First things first. Tracie of Riceford Streams messaged me way back at the end of September asking if I was considering hosting another QAL, since she had come across a kit for a good price, and had always wanted to make this, as she said, cheery quilt. She thought sewing with others would be a good incentive. I thought this a great idea, maybe something to make in the new year.
