This module provides regular expression matching operations similar to those found in Perl. Both patterns and strings to be searched can be Unicode strings (str) as well as 8-bit strings (bytes).However, Unicode strings and 8-bit strings cannot be mixed: that is, you cannot match a Unicode string with a byte pattern or vice-versa; similarly, when asking for a substitution, the replacement ...

Bush v. Gore was a case argued before the Supreme Court of the United States on December 11, 2000, and decided on December 12, 2000. The case concerned a complaint from both parties contesting certification of state results in presidential elections. The Supreme Court granted the application, treating it as a petition for writ of certiorari, and granted certiorari.
