Currency wars have been fought before—twice in the twentieth century alone—and they always end badly. At best, currency wars offer the sorry spectacle of countries stealing growth from trading partners. At worst, they degenerate into sequential bouts of inflation, recession, retaliation and actual violence as the scramble for resources ...

Currency Wars - Mauricio Ríos García
Currency war, also known as competitive devaluations, is a condition in international affairs where countries seek to gain a trade advantage over other countries by causing the exchange rate of their currency to fall in relation to other currencies. As the exchange rate of a country's currency falls, exports become more competitive in other countries, and imports into the country become more ...

Motive B1 Hueber
The valuation of a currency has a huge impact on the health of a economy. The book talks about the role of gold in the process too. Years ago, all currency was mostly attached to the wealth of gold that a nation had. But recently, this has been separated. There have been a couple of modern currency wars, and this using leads to a zero sum game.

Song Hongbing Books | List of books by author Song Hongbing
Song Hongbing, author of a new book Currency War 4 (WIC is yet to get through the first three epics, we must admit), thought the idea of currency collapse was "alarmist". Instead, he regarded the whole thing as a "political game" designed to force weaker nations to hand over their fiscal sovereignty to a new European finance ministry ...
