National benchmark values suggest the world will not achieve SDG 4. Aggregating the benchmark values either that countries have submitted or that have been extracted from their national plans provides the first full picture of whether the SDG 4 pledges are likely to be achieved. The main conclusion is that even if countries manage to achieve their voluntarily set benchmarks, they still fall ...

society to shape global, regional and industry agendas. Incorporated as a not-for-profit foundation in 1971, and headquartered in Geneva, Switzerland, the Forum is tied to no political, partisan or national interests.

The World Economic Forum

The concepts of a global value chain (GVC) and global supply chain refer to the people, roles and activities involved in the production of goods and services and their supply, distribution, and post-sales activities when those activities must be coordinated across geographies. GVC is similar to Industry Level Value Chain but encompasses operations at the global level.

Global value chain - Wikipedia
