Global Culture/Individual Identity: Searching for Home in ...

Global Culture/Individual Identity focuses on three groups for whom the tension between a particular national culture and the global cultural supermarket is especially acute: Japanese artists, American religious seekers and Hong Kong intellectuals after the handover to China. These ethnographic case studies form the basis for a theory of culture which we can all see reflected in our own lives.

Culture and Identity — Global and International Studies Major

Cultural identity is the identity or feeling of belonging to a group. It is part of a person's self-conception and self-perception and is related to nationality, ethnicity, religion, social class, generation, locality or any kind of social group that has its own distinct culture. In this way, cultural identity is both characteristic of the individual but also of the culturally identical group ...

Cultural identity - Wikipedia

The Central Asian nation of Uzbekistan is mostly known for its breathtaking Silk Road architecture and rich cultural heritage. Beyond the postcard image, however, lies a society still grappling with its own identity. Following the demise of the Soviet Union in 1991, the nation's difficult transition ...
