The purchase funnel, or purchasing funnel, is a consumer-focused marketing model that illustrates the theoretical customer journey toward the purchase of a good or service.. In 1898, E. St. Elmo Lewis developed a model that mapped a theoretical customer journey from the moment a brand or product attracted consumer attention to the point of action or purchase.

How doe the distribution of farm sizes vary within a country? In the charts we see the distribution by two measures. First, the number of farms of each size (in other words, the number of farms that are less than 1 hectare; 2 to 5 hectares etc.). Second, the distribution by agricultural area i.e. how many hectares in total fall within each farm size bracket.

Introduction: Most of you first heard about the FRCR exam during residency and would know friends or seniors giving this exam. You might have given one or two steps yourself but still have questions about the time taken to complete, expenses involved, advantages of the degree, study materials required, courses available, and how to approach the exam.
