LONDON (Reuters) - Britain reported another day of record COVID-19 cases on Friday, with new estimates showing swathes of London's population are carrying the virus, underlining the relentless advance of the Omicron variant. Omicron's rapid spread has driven a surge in cases over the last seven days, especially in the capital. Around 1 in 20 Londoners likely had COVID-19 on Dec. 16 and early ...

The winter of 1939–40 was severe, but the summer was pleasant, and in their leisure hours Londoners thronged the parks or worked in their gardens. Several theatres and many cinemas were open, and there were even a few sporting events. Apart from one or two false alarms in the early days of the war, no sirens wailed in London until June 25.

The Blitz was a German bombing campaign against the United Kingdom in 1940 and 1941, during the Second World War. The term was first used by the British press and originated from the term Blitzkrieg, the German word for 'lightning war'.. The Germans conducted mass air attacks against industrial targets, towns, and cities, beginning with raids on London towards the end of the Battle of Britain ...
