### Misc Tractors Hesston 6400 Windrower

The Hesston 6400 is a grain windrower no longer manufactured by the company. It can still be found used, however, at dealerships or online. Hesston replaced the model with the 6450 windrower, placing the engine farther away from the operator. The company also outfitted the operator's platform with rubber cushion mounts to reduce engine noise.

### Hesston 6400 Engine Specs | It Still Runs

And finally, the engine's durability and power properties made it a natural for ag applications. Hesston is well known for haying equipment, and produced the 6400 from the late 1960s through the early 1980s. (Mine is mid-late 1970s vintage.) Essentially, the tractor is a super-sized zero-turn mower.

### hesston windrower manual | eBay

Hesston has been known as the hay and forage innovator since 1955, when the company developed the first commercially available self-propelled windrower. Other industry firsts have included the first hydrostatic windrower, the first center-pivot mower-conditioner and the first big square baler—which had nearly 50 individual patents of its own.
