Passion Of The Western Mind

Passion and desire go hand in hand, especially as a motivation. Linstead & Brewis refer to Merriam-Webster to say that passion is an "intense, driving, or overmastering feeling or conviction". This suggests that passion is a very intense emotion, but can be positive or negative. **Negatively**, it may be unpleasant at times.

Passion (emotion) - Wikipedia

The Mind. We are embodied spirits and inspirited bodies. (or, if you will, embodied minds and minded bodies). (Anonymous, 2003) Mind has been variously defined as that which is responsible for one's thoughts and feelings, the seat of the faculty of reason or the aspect of intellect and consciousness experienced as combinations of thought, perception, memory, emotion, will and imagination ...

Keep in mind that Western saddle seat size refers to rider fit and has nothing to do with how the saddle fits the horse. There should be approximately four inches between the front of your body and the fork (or swells). Your rump should rest on the base of the cantle, but should not be pressed against the back of the cantle.

How to Choose the Correct Western Saddle Seat Size
