The Managers Path A Guide

The next two chapters cover mentoring and being a tech lead, which are both critical steps on the management path. For the experienced manager, these chapters have some notes on how you might approach managing people in these roles. The following four chapters talk about people management, team management, management of multiple teams, and managing managers. The last chapter on the management path, Chapter 8, is all about senior leadership.

Managers are most often responsible for a particular function or department within the organization. From accounting to marketing, to sales, customer support, engineering, quality, and all other groups, a manager either directly leads his or her team or leads a group of supervisors who oversee the teams of employees.

The Responsibilities and Role of a Manager

A management career path is not a straight line, nor is it the same for everyone. However, they all have a starting point and milestones along the way. Each path leads managers to what they need to know based on where they are in their careers and where their interests lie.

Career Paths in Management Roles

to be THE manager. Years ago, I was promoted from sales to my first management position. I thought managing was about paperwork, planning, counting money, and other mundane tasks. I didn't understand management is 99% about people, and the best managers lead people to improvement. I
