The Tell Tale Brain A

healthily—how calmly I can tell you the whole story. It is impossible to say how first the idea entered my brain; but once conceived, it haunted me day and night. Object there was none. Passion there was none. I loved the old man. He had never wronged me. He had never given me insult. For his gold I had no desire. I think it was his eye!

The Tell-Tale Heart - ibiblio

The Tell-Tale Heart 175 2. dissimulation (di-sim- \approx y^o-l^tv/ ¥n) n.: disguising of intentions or feel-ings. (Look for a similar word at the end of the story.) 3. profound (pr £ -findv) adj.: deeply intellectual. In lines 18-33 the narrator claims to have several quali-ties that insane people don't have. Circle the qualities that

The Tell-Tale Heart by Edgar Allan Poe

THE TELL-TALE HEART by Edgar Allan Poe 1843 . TRUE! --nervous --very, very dreadfully nervous I had been and am; but why will you say that I am mad? The disease had sharpened my senses --not destroyed --not dulled them. Above all was the sense of hearing acute. I heard all things in the heaven and in the earth. I heard many things in hell.

The Tell-Tale Heart by Edgar Allan Poe - University of Virginia

Above all was the sense of hearing acute. I heard all things in the heaven and in the earth. I heard many things in hell. How, then, am I mad? Hearken! and observe how healthily—how calmly I can tell you the whole story. It is impossible to say how first the idea entered my brain; but once conceived, it haunted me day and night. Object there ...

Vaping, drinking or using substances can damage the brain's wiring, increasing the likelihood of learning difficulties and physical and mental health problems during the teen years and well into adulthood. Just as a house is still functional with a cracked foundation and faulty wiring, so is the human brain, but neither is optimal.
