Cleaning a Front Load Washer Door Seal - Whirlpool

Open the door of the Whirlpool Duet washer and look for stains on the gray seal located just inside the machine. Gently pull the seal back to look for stains underneath as well. Apply the diluted bleach solution to a clean rag and wipe away any stains. You can leave the solution on the seal for approximately five minutes.

How to Clean a Whirlpool Duet | Hunker

If your front loader doesn't have a clean cycle or is smelly, clean the soap dispenser, gasket and door glass as noted above. Make sure the drum is empty. Then, sprinkle a half-cup of baking soda inside the drum. Next, pour one cup of distilled white vinegar into the detergent dispenser.

How to Clean a Front Load Washer (With Steps) | Family ...

If you need to clean your front load washer, start by grabbing the door's gasket, which is the ring of rubber that goes between the door and washer. Pull the gasket open a little and remove any foreign objects like coins or nails. Then, use a rag to clean the dust and hair out of the gasket.

How to Clean a Front Load Washer: 14 Steps (with Pictures)

Add 2 cups of vinegar to the basin of the machine and turn on the machine with the dials set to a large, hot load setting. Let the machine run through a wash and rinse cycle. Step 4

How to Clean a Whirlpool Washing Machine | Hunker

A Whirlpool Duet Washer is a front-loading, energy-efficient washing machine. The filter on a Whirlpool Duet is located under the front kick plate. A washer filter collects lint that falls from clothes during the washing process. The lint filter should be cleaned at least once every 6 months. If the lint is not removed, it can cycle back through the washing machine and stick to laundry.

Washers - Compare Washing Machines | Whirlpool

Front-loading washers decide how much water to add based on the weight of the load inside. The clothing, plus the extra water, seems to "trick" it into adding enough additional water that the load gets cleaner. The first time I tried this, I hung out and watched the machine to make sure it wouldn't leak water..!
